

## **Pre-op Bactroban Ointment and Hibiclens Shower Patient Information**

### **Bactroban (Mupirocin) – Antibacterial ointment (NOT the cream)**

Bactroban requires a prescription

1. Apply Bactroban ointment with a Q-tip inside each nostril twice daily for five days prior to the scheduled surgery
2. Spread the ointment inside each nostril by pressing and releasing the sides of the nose for approximately 1 minute

Note: Most insurances will assist in the purchase price of the ointment. If not, the attached cost page list cash prices from various pharmacies (6/2017).

### **Hibiclens (Chlorhexidine gluconate)**

Does NOT require a prescription

Can be purchased at the Food Court in Kell West Regional Hospital

1. Purchase 8 ounces of 4% SOAP – 2% is NOT effective
2. Hibiclens shower – Night BEFORE surgery and the morning OF surgery
3. Cleansing Procedure:
  - a. Shampoo your hair with your regular shampoo and **NOT** Hibiclens
  - b. Wash your face with your regular soap and **NOT** Hibiclens
  - c. Do **NOT** get Hibiclens in your eyes – if so, rinse it out thoroughly
  - d. Wash your entire external body surface with Hibiclens and then thoroughly rinse off
  - e. Wash the surgical area for approximately 3 minutes

**DO NOT SHAVE THE SURGICAL AREA**
